Растения

The diagram consists of three light green ovals with white outlines, arranged vertically. The top oval is labeled 'Растения', the middle one 'Животные', and the bottom one 'Грибы'. The ovals are positioned on a dark green background that has a horizontal line separating the top two from the bottom one. A vertical line is on the left side, and a horizontal line is on the top, forming a frame-like structure.

Животные

Грибы
