

A diagram consisting of 10 empty rectangular boxes with blue borders, arranged in a 5x2 grid. The boxes are connected by arrows indicating a sequential flow from top-left to bottom-right. The flow starts at the top-left box, moves right to the top-right box, then down to the second row, alternating between right and down arrows until it reaches the bottom-right box. Specifically, the flow is: Row 1, Box 1 → Row 1, Box 2 → Row 2, Box 1 → Row 2, Box 2 → Row 3, Box 1 → Row 3, Box 2 → Row 4, Box 1 → Row 4, Box 2 → Row 5, Box 1 → Row 5, Box 2.
