

- What are the greatest achievements of Mahatma Gandhi?

Gandhi moved to London, England in 1888 and enrolled at the Inner Temple, where he studied law and jurisprudence. He later had a successful law practice located in South Africa. Gandhi's achievements in India weren't just about peace and independence. At one point, he led a 200-mile march that encouraged the people in India to gather salt. Prior to that, many people bought salt from the British, and Gandhi wanted to encourage independence from foreign products.
